**5 December 2017**

We are pleased to invite you to the fourth edition of International Academic Conference held at PWSZ in Konin under the auspices of Professor Mirosław Pawlak, Rector of PWSZ in Konin.

The cyclical character of the conference is a result of both academics and practitioners of social work emphasising the growing interest in the issues it focuses on. Thus, taking into consideration the interdisciplinary character of research into social support, as well as complexity and changeability of phenomena and modern social problems, we would like to invite social workers, philosophers, sociologists, teachers, political sciences experts and anyone interested in challenges and dilemmas of theory and practice of social work.
